THE AMBASSADOR OF BLUES, B.B. King, recently took the stage at The Art Institute of Chicago to share his life story for The HistoryMakers, the nation's largest video archival collection of African American video oral histories. Mr. King was the honored guest for The HistoryMakers' Fourth Annual "An Evening With" celebrity interview. His long-time friend R & B legend Isaac Hayes conducted the one-on-one interview in front of a live audience. The interview is scheduled to air as a national PBS-TV special for Black History Month next February. Check local listings for dates and times.
