Option #2: Do your own oral history. Develop a small research question and interview one person or multiple people to answer that question. Your final product will be in written or movie form (see grading sheet).
- You might the following links helpful in organizing your oral history and developing questions for your interview(s):
  - From the New Orleans' National World War II Museum:
  - From Judith Moyer, oral history expert: (sort of the Bible on how to do oral history)

- A suggestion: you should know what you want to know from your interviews (that is the planning part), but you should also be open and adaptable to that changing as you go through the process.
  - For example: you might interview someone expecting that he/she will hate Nixon, but maybe this person thinks he got a bad deal with the Watergate Scandal. Be open to unexpected opinions.

Option #3: Write a critique of a secondary source article. Ms. Wanosky has selections from throughout U.S. History.

Due: Your class’s Review Day
- B block: Wednesday 5/24
- E block: Thursday 5/25
(note: the last day to turn in the extra credit is Thursday 5/25 for both classes)

You will have all subsequent class periods to work on this project.
